Face Covering Wearer Guide

This face covering is intended to cover your mouth and nose whilst allowing you to breathe comfortably and does not constitute Personal Protective Equipment (“PPE”). Face coverings are not intended to replace other recommended measures to stop the community spread of COVID-19, and adherence to Government guidance, including, but not exclusively, social distancing, washing your hands and refraining from touching your face, must be rigorously maintained. Face coverings are not a replacement for Personal Protective Equipment, and in circumstances where Personal Protective Equipment is recommended, you should consult a health care professional.

Wearing a face covering in public may reduce the spread of COVID-19 (Coronavirus), it may help to reduce the spread of respiratory droplets from people infected with COVID-19 (Coronavirus). A face covering is recommended in situations where it is difficult to practice social distancing.

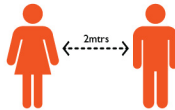

The UK Government has advised that additional Covid-19 measures should be taken by individuals as lockdown restrictions are eased. These include the wearing of a face covering in enclosed spaces where social distancing is not always possible.

If you wear one, you should still do the important things necessary to prevent the spread of the virus.

These include:

Washing your hands properly and often

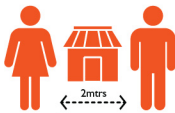

Social distancing (keeping at least 2 metres away from other people)

Not touching your eyes, nose, or mouth if your hands are not clean

When to wear the face covering

You may choose to wear a face covering:

When staying 2 metres apart from people is difficult - for example, in shops, public spaces or public transport

When in an enclosed space with other people

When in an office environment

How to care for the face covering

Wash at 60°C with detergent

Do Not Bleach

Tumble Dry at Low Heat

Iron at Low Heat

Do Not Dry Clean

When to replace the face covering

You should replace your face covering when it:

No longer covers the nose and mouth

Has stretched out or has damaged ties or straps

Cannot stay on the face

Has holes or tears in the fabric
